

Tara's Story: When Shared Experience Became a Source of Hope

Tara and her dear friend and business colleague, Laurie Brewer, who worked in healthcare at HCA Florida, stood beside one another while facing their own cancer journeys.

Tara was diagnosed with Triple Negative Breast Cancer. Laurie was battling T-cell Prolymphocytic Leukemia.

Two different diagnoses. One shared understanding.

During treatment, countless conversations revealed a powerful truth: while medical care is essential, what people often need most is connection.

Connection is what turns fear into strength.

Being able to speak openly with someone who truly understood the emotional, mental, and physical challenges of cancer created comfort, hope, and resilience — and became the foundation of Laurie's Love.

Because no one should face cancer alone...

Mission

Laurie's Love exists to connect, empower, and inspire every individual who joins the community — ensuring that no Warrior ever has to face their cancer journey alone.

Vision

Laurie's Love envisions a connected world where cancer Warriors, families, friends, caregivers, and loved ones are brought together through shared experience, compassion, and support.

The Laurie's Love App

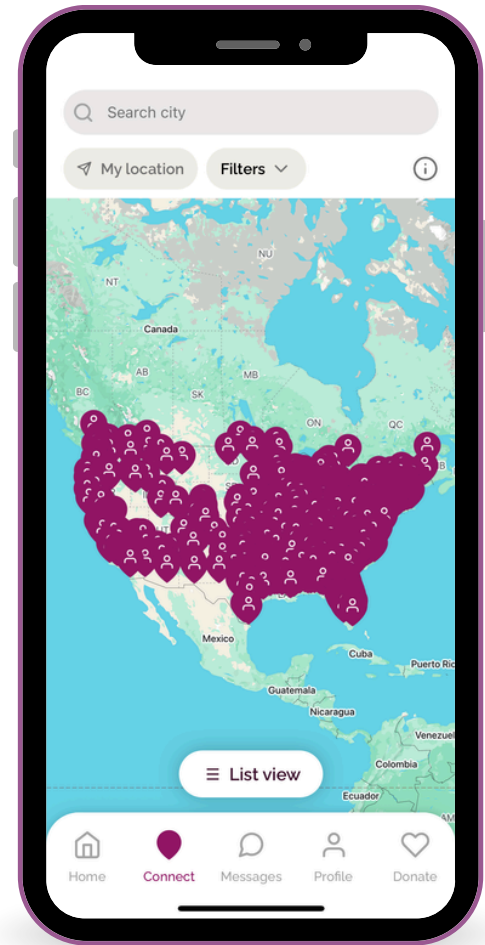

A Community Where No One Goes Through Their Cancer Journey Alone

Now Connecting the U.S. and Canada

A free, supportive app connecting individuals impacted by cancer — including Warriors, survivors, caregivers, and loved ones across the United States and Canada.

Built from lived experience, Laurie's Love connects people beyond clinical care — creating space to share, listen, and support one another at every stage of the journey.

Through shared stories on a community wall, members lift one another up, celebrate milestones, and find inspiration through shared experience.

Inside the App

Connection Map

Find Warriors and caregivers near or far through an interactive map that shows you're never alone.

1:1 Support

Connect privately and candidly with someone who understands your diagnosis, treatments, and journey.

Personalized Filters

Filter by location, cancer type, or diagnosis year to connect with people who truly understand your journey.

Zelle

Venmo

Cashapp

100% of your donation helps support cancer warriors and connect them with others, with no compensation given to the organization members.
